

# PROGRAMM

**Thursday, April 30th, 2009**

|               |  |
|---------------|--|
| 16.00 -17.30  | <b>Arrival and registration</b><br>AT THE JAPANESE PALACE IN DRESDEN   |
| 17.30 - 18.15 | <b>Evening lecture</b><br><b>Zur Rekonstruktion neolithischer Siedlungsoberflächen: Gräber und Häuser</b><br>PROF. DR. J. LÜNING (Frankfurt a. M.) |
| 19.30         | <b>Ice-breaker party</b><br>JAPANESE PALACE IN DRESDEN   |

**Friday, May 1st, 2009**

## Part 1 "METHODS"

|               |   |
|---------------|---|
| 08.30 - 09.00 | <b>Introduction and welcome</b>   |
| 09.00 - 09.30 | <b>From the past to the future – System based deciphering of the complexity of coupled human and natural systems and their potential for future research and application</b><br>DOTTERWEICH, M. |
| 09.30 - 10.00 | <b>Archaeological Investigations supported by Geographic Information System</b><br>GÖBEL, K.  |
| 10.00 - 10.30 | <b>Magnetic dating in Quaternary sciences and geoarchaeology</b><br>HAMBACH, U., E. SCHNEPP & CH. ROLF  |
| 10.30 - 11.00 | <b>Coffee break</b>   |

## Part 2 "MEDITERRANEAN"

|               |  |
|---------------|--|
| 11.00 - 11.30 | <b>The ancient city of Pheia, western Peloponnesus, Greece, and the mystery of its sudden submergence</b><br>VÖTT, A., H. BRÜCKNER, G. BARETH, S. M. MAY & H. HADLER   |
| 11.30 - 12.00 | <b>Reconstruction of the A.D. 79 Paleo-surface of the Sarno River Basin using Data Mining Technologies and Classification and Regression Methods</b><br>VOGEL, S. & M. MÄRKER  |
| 12.00 - 12.30 | <b>Mediterranean karst depressions as geoarchaeological archives: Reconstructing the palaeoenvironmental history of Mount Ida (Crete) by geophysical prospection, geomorphologic investigations and mineralogical analysis</b><br>SIART, CH., B. EITEL, S. HECHT, O. BUBENZER, I. HOLZHAUER & G. SCHUKRAFT |
| 12.30 - 14.00 | <b>Lunch break</b>   |

## Part 3 "CENTRAL EUROPE"

|               |   |
|---------------|---|
| 14.00 - 14.30 | <b>Late Pleistocene to Holocene Landscape History and Geoarchaeology at the Southern Foreland of the Harz Mountains, Germany</b><br>BEBERMEIER, W., PH. HOELZMANN, M. MEYER & B. SCHÜTT                               |
| 14.30 - 15.00 | <b>Chronostratigraphic Investigations of Colluvial and Alluvial Sediments to Reconstruct Holocene Soil Erosion: A case study from a Meso-Scale Catchment in Franconia, Germany.</b><br>FUCHS, M., M. WILL & E. KUNERT |
| 15.00 - 15.30 | <b>Not only Erosion: Causes of anthropogenic soil disturbances and degradation of archaeological sites in the agrarian loess landscape (Germany, Rhineland)</b><br>GERLACH, R. & I. HERZOG                            |
| 15.30 - 16.00 | <b>Studies on human-landscape interrelationships in the prehistoric settlement area Regensburg-Burgweinting</b><br>RAAB, A., J. VÖLKEL, W. BRÜTZKE, S. KUNZ, A. STIGLMEIER, CL. HARTL & D. CHRISTOPHEL                |
| 16.00 - 16.30 | <b>Coffee break</b>   |

## Part 4

|               |  |
|---------------|--|
| 16.30 - 17.00 | <b>Agriculture and Archaeology in the middle Saxon Loess-hill region.<br/>Perspectives and problems of the conservation of archaeological<br/>sites in an intensively used agricultural landscape</b><br>STROBEL, M., R. VOGT & TH. WESTPHALEN |
| 17.00 - 18.30 | <b>Meeting of members / Mitgliederversammlung</b>  |
| 20.00         | <b>Conference dinner</b><br>WENZEL PRAGER BIERSTUBEN<br>KÖNIGSTR. 1, 01097 DRESDEN   |

Saturday, May 2nd, 2009

## Part 5 "SHORT CONTRIBUTIONS"

|               |   |
|---------------|---|
| 08.30 - 08.45 | <b>Applying new analytical methods to Paleolithic survey data in a differentiated geomorphological environment in western Syria</b><br>BRETZKE, K., A. W. KANDEL, M. MASRI & N. J. CONARD   |
| 08.45 - 09.00 | <b>New Satellite Data and Ground Truth Data as Base for a Reconstruction of Ancient Caravan Routes - Examples from the Western Desert of Egypt</b><br>BUBENZER, O. & A. BOLTEN  |
| 09.00 - 09.15 | <b>Geoarchaeological investigations contributing to the Holocene environmental history of the Mulde-Loesshügelland in Saxony</b><br>TINAPP, CHR., M. KNIPPING & C. STEINMANN  |
| 09.15 - 09.30 | <b>Stone raw material of early medieval stronghold - examples from the Ostrów Tumski (Wrocław- Lower Silesia, Poland)</b><br>LISOWSKA, E. & P. GUNIA  |
| 09.30 - 09.45 | <b>Scenarios of landscape change in the environs of the Poseidon Sanctuary of Akovitika (SW Peleponnese, Greece)</b><br>ENGEL, M., H. BRÜCKNER, M. KIDERLEN, J. C. KRAFT & M. KNIPPING  |
| 09.45 - 10.00 | <b>Petrographic investigations and provenance analyses of grindstones from different localities southeast of Leipzig (Saxony, Germany)</b><br>RICHTER, A., J.-M. LANGE, H. STÄUBLE & C. STEINMANN   |
| 10.00 - 10.15 | <b>Interdisciplinary research with the participation of geoarchaeology and history on Slavonic settlement at the lower Central Elbe River</b><br>GOßLER, N., TH. KINKELDEY, TH. SCHATZ & J. SCHNEEWEIß  |
| 10.15 - 10.30 | <b>The geography of Taman Peninsula (SW Russia) during antiquity – evidence for a second Bosphorus and re-interpretation of Strabos' geographical description</b><br>KELTERBAUM, D., H. BRÜCKNER, S. GERHARD, A. MELIKYAN, A. POROTOV, U. SCHLOTZHAUER & D. ZHURAVLEV |
| 10.30 - 11.00 | <b>Coffee break</b>   |

## Part 6 "EASTERN EUROPE"

|               |  |
|---------------|--|
| 11.00 - 11.30 | <b>Physico-chemical features of Late-medieval building ceramics from Szewska street in Wrocław (Lower Silesia –Poland)</b><br>CHUDZIAK, J. & P. GUNIA  |
| 11.30 - 12.00 | <b>Prospects of geoarchaeological interpretations of medieval dwelling-houses and farm-out buildings, case study from the archaeological research in Brno, Czech Republic</b><br>LISÁ, L., D. MERTA & M. PEŠKA |
| 12.00 - 12.30 | <b>Holocene development of the lower Danube flood plain at the tell settlement Pietrele, Southern Romania</b><br>WUNDERLICH, J.  |
| 12.30 - 14.00 | <b>Lunch break</b>   |

## POSTERSESSION

|               |                      |
|---------------|----------------------|
| 14.00 - 16.00 | <b>Postersession</b> |
|---------------|----------------------|

## Part 7 "VARIO"

|               |   |
|---------------|---|
| 16.00 - 16.30 | <b>Development of a spacious (pre- and proto) historic inland dune landscape in Lower Bavaria, Germany</b><br>VÖLKEL, J., S. DÖTTERL, A. SCHNEIDER, K. HÜRKAMP, A. HILGERS & M. LEOPOLD   |
| 16.30 - 17.00 | <b>Geoarchaeological studies to reconstruct human caused environmental changes at the western border of the "Nördlinger Ries" (South Germany)</b><br>MAILÄNDER, S., J. EBERLE & W. D. BLÜMEL                                    |
| 17.00 - 17.30 | <b>Micromorphology and Site Formation Processes of the Paleolithic Caves of Swabia, SW Germany</b><br>MILLER, CH., E. MILLER, P. GOLDBERG & N. J. CONARD  |
| 17.30 - 18.00 | <b>The evolution of Saharan dust input in Lanzarote (Canary Islands): Lower Holocene triggering by human activity in the northwest Sahara?</b><br>SUCHODOLETZ, H. V., H. OBERHÄNSLI, D. FAUST, L. ZÖLLER, U. HAMBACH & M. FUCHS |

## International Meeting Geoarchaeology in Central Europe

20.00

### **Concert**

DRESDENER KAPELLSOLISTEN

**Sunday, May 3th, 2009**

## **EXCURSION**

### **Field trip**

ARCHAEOLOGICAL SITES AND BLACK SOILS/BLACK SEDIMENTS

Dresden, April 30 – May 2, 2009
