

Kubešová M., Moravcová L., Suda J., Jarošík V. & Pyšek P. (2010): Naturalized plants have smaller genomes than their non-invading relatives: a flow cytometric analysis of the Czech alien flora. *Preslia* 82: 81–96.

Electronic Appendix 1. – List of localities used for cytometric analysis.

Species	Locality	District	Locality description	Latitude	Longitude
<i>Abutilon theophrasti</i> Med.	Ovčáry	Kolín	sugar beet field, 0.8 km NE of church Ovčáry	50°03'54.4"	15°15'10.9"
<i>Abutilon theophrasti</i> Med.	Horky	Kutná Hora	sugar beet field, 0.1 km E of the railway station Horky	49°52'17.3"	15°26'40.0"
<i>Abutilon theophrasti</i> Med.	Sendražice	Kolín	field in the NE edge of the Sendražice village	50°03'00.1"	15°13'17.4"
<i>Amaranthus albus</i> L.	Týniště nad Orlicí	Rychnov nad Kněžnou	railway station Týniště nad Orlicí	50°09'40.5"	16°04'03.4"
<i>Amaranthus albus</i> L.	Liteň	Beroun	railway station Liteň	49°54'12.6"	14°09'30.4"
<i>Amaranthus albus</i> L.	Klentnice	Břeclav	hunting cottage in the forest clearing, 2 km N of Klentnice church	48°50'17.4"	16°41'09.9"
<i>Amaranthus albus</i> L.	Hrušky	Břeclav	sandpit bank, 1.2 km WSW of the railway station Hrušky	48°46'34.7"	16°55'34.7"
<i>Amaranthus blitoides</i> S. Watson	Hrušky	Břeclav	sandpit bank, 1.2 km WSW of the railway station Hrušky field edge close to the parking place, 1.2 km SSE of the railway station Břeclav	48°46'36.6"	16°55'31.9"
<i>Amaranthus powellii</i> S. Watson	Břeclav	Břeclav	ruderal site near the Berounka river in the village	49°55'46.3"	14°17'15.1"
<i>Amaranthus powellii</i> S. Watson	Dobřichovice	Praha-západ	ruderal site in the village	50°12'19.3"	16°04'44.1"
<i>Amaranthus powellii</i> S. Watson	Bolehošť	Rychnov nad Kněžnou	ruderal site in the village	50°12'19.3"	16°04'44.1"
<i>Amaranthus powellii</i> S. Watson	Všenory	Praha-západ	ruderal site at the railway station Všenory	49°55'54.4"	14°18'08.4"
<i>Amaranthus retroflexus</i> L.	Domanice	Strakonice	field edge at the W edge of the village field edge close to the parking place, 1.2 km SSE of the railway station Břeclav	49°17'47.7"	13°55'05.7"
<i>Amaranthus retroflexus</i> L.	Břeclav	Břeclav	ruderal site in the village	48°44'35.8"	16°53'54.4"
<i>Amaranthus retroflexus</i> L.	Bolehošť	Rychnov nad Kněžnou	ruderal site in the village	50°12'19.3"	16°04'44.1"
<i>Amaranthus retroflexus</i> L.	Praha-Braník	Praha	railway station Praha-Braník	50°01'43.0"	14°24'20.0"
<i>Amaranthus retroflexus</i> L.	Hrušky	Břeclav	sandpit bank, 1.2 km WSW of the railway station Hrušky	48°46'34.7"	16°55'34.7"
<i>Amaranthus retroflexus</i> L.	Liteň	Beroun	railway station Liteň field edge close to the parking place, 1.2 km SSE of the railway station Břeclav	49°54'12.6"	14°09'30.4"
<i>Ambrosia artemisiifolia</i> L.	Břeclav	Břeclav	ruderal site close to soil waste site, 1.4 km SE of the village	48°44'32.8"	16°53'49.8"
<i>Ambrosia artemisiifolia</i> L.	Lanžhot	Břeclav	ruderal site close to the railway, 0.4 km NNE of railway station Čelákovice-Jiřina	48°43'35.0"	16°58'42.7"
<i>Ambrosia artemisiifolia</i> L.	Pečky	Kolín	railway station Pečky	50°05'29.0"	15°01'14.1"
<i>Ambrosia psilostachya</i> DC.	Čelákovice	Praha-východ	ruderal site close to the railway, 0.4 km NNE of railway station Čelákovice-Jiřina	50°10'18.9"	14°46'09.9"
<i>Ambrosia trifida</i> L.	Velký Osek	Kolín	field, 1.3 km SW of the railway station Velký Osek	50°05'37.4"	15°10'47.9"
<i>Angelica archangelica</i> L.	Lysá nad Labem	Nymburk	Labe river bank, 1.9 km SW of the railway station Lysá nad Labem	50°10'46.2"	14°49'50.5"
<i>Angelica archangelica</i> L.	Straky	Nymburk	Vlkava river bank, 2.7 km WNW of the railway station Straky	50°13'56.4"	14°57'08.8"
<i>Angelica archangelica</i> L.	Velké Březno	Ústí nad Labem	Labe river bank, 1 km NE of the railway station Velké Březno	50°40'02.7"	14°09'36.2"
<i>Angelica archangelica</i> L.	Velké Žernoseky	Litoměřice	Labe river bank bank, 0.9 km NW of the Velké Žernoseky church	50°32'43.1"	14°03'24.7"
<i>Angelica archangelica</i> L.	Čelákovice	Praha-východ	Labe river bank, 1 km NNW of the railway station Čelákovice	50°10'03.5"	14°45'08.4"
<i>Antirrhinum majus</i> L.	Mikulov	Břeclav	walls of the Mikulov castle	48°48'25.8"	16°38'13.2"

<i>Antirrhinum majus</i> L.	Štramberk	Nový Jičín	walls of the Štramberk houses in the village	49°35'15.6"	18°07'22.4"
<i>Arabis alpina</i> L.	Mikulov	Břeclav	walls of the Mikulov castle	48°48'22.6"	16°38'09.2"
<i>Arabis alpina</i> L.	Velhartice	Klatovy	walls of the Velhartice castle	49°15'46.9"	13°23'59.0"
<i>Asclepias syriaca</i> L.	Břeclav	Břeclav	meadow close to Pohansko castle	48°43'50.6"	16°53'45.6"
<i>Asclepias syriaca</i> L.	Břeclav	Břeclav	road bank close to Lány castle	48°42'58.1"	16°55'16.3"
<i>Asclepias syriaca</i> L.	Břeclav-Poštorná	Břeclav	road bank, 0.5 km WNW of the railway station Boří les	48°44'19.5"	16°51'44.6"
<i>Aster lanceolatus</i> Willd.	Hustopeče	Břeclav	road bank, 1.9 km SE of the railway station Hustopeče	48°55'47.9"	16°45'20.8"
<i>Aster lanceolatus</i> Willd.	Valtice-Úvaly	Břeclav	road bank at the E edge of the Úvaly village	48°44'28.8"	16°42'13.0"
<i>Aster lanceolatus</i> Willd.	Lanžhot	Břeclav	road bank, 1.8 km NW of the railway station Lanžhot	48°44'24.3"	16°56'23.2"
<i>Bidens connata</i> Willd.	Všestudy	Mělník	wetland near Všestudský potok brook, 0.5 km SSE of the Všestudy village municipality	50°17'13.4"	14°20'33.2"
<i>Bidens connata</i> Willd.	Brozánky-Hořín	Mělník	wetland at the Bažantnice Brozánky pheasantry, 1.4 km NW of the Hořín castle	50°21'05.9"	14°26'41.6"
<i>Bidens frondosa</i> L.	Lanžhot	Břeclav	forest clearing, 12.5 km SSW of the railway station Lanžhot	48°37'27.1"	16°55'53.6"
<i>Bidens frondosa</i> L.	Všenory	Praha-západ	Berounka river bank, 1.6 km NE of the railway station Všenory	49°56'21.0"	14°19'27.4"
<i>Bidens frondosa</i> L.	Velké Březno	Ústí nad Labem	Labe river bank, 1 km NE of the railway station Velké Březno	50°40'02.7"	14°09'36.2"
<i>Bidens frondosa</i> L.	Vilnsnice	Děčín	ruderal site, 0.9 km S of railway station Vilnsnice	50°44'15.1"	14°10'53.0"
<i>Bidens frondosa</i> L.	Kostice	Břeclav	Morava river bank, 3.5 km ESE of the railway station Lanžhot	48°43'52.4"	17°00'26.0"
<i>Bidens frondosa</i> L.	Praha-Komořany	Praha	Vltava river bank, 0.6 km SSW of railway station of Praha-Komořany	49°59'09.5"	14°24'03.0"
<i>Bunias orientalis</i> L.	Beroun-Jarov	Beroun	road bank, 1.7 km SSW of the railway station Beroun	49°56'33.9"	14°04'03.2"
<i>Bunias orientalis</i> L.	Drhovy	Příbram	road bank and field edge, 0.7 km NW of the Drhovy village municipality	49°44'44.3"	14°13'39.6"
<i>Bunias orientalis</i> L.	Hostinné	Hostinné	road bank, 0.3 km W of railway station Prosečné	50°32'54.4"	15°41'28.2"
<i>Cannabis ruderalis</i> Janisch.	Čejkovice	Hodonín	field edge, 3.2 km ENE of the Čejkovice church	48°54'27.7"	16°59'06.1"
<i>Cannabis ruderalis</i> Janisch.	Sedlec	Břeclav	field edge, 1.8 km NNE of the railway station Sedlec	48°47'22.7"	16°42'26.6"
<i>Cardamine chelidonia</i> L.	Domanice	Strakonice	forest along the railway, 0.3 m SSW of the railway station Domanice	49°17'55.9"	13°54'49.1"
<i>Cardamine chelidonia</i> L.	Hněvkov	Strakonice	forest edge along the railway, 2.1 km ESE of the railway station Mačkov	49°23'39.8"	13°54'53.9"
<i>Cardamine chelidonia</i> L.	Veselí nad Lužnicí	Tábor	road bank, 2.2 km SSW of the railway station Veselí nad Lužnicí	49°10'26.7"	14°43'12.3"
<i>Cardamine chelidonia</i> L.	Bludov	Šumperk	forest road, 2.3 km NNE of the Bludov church	49°57'40.3"	16°56'38.6"
<i>Claytonia alsinoides</i> Sims	Průhonice	Praha-západ	forest in the Park Průhonice	49°59'51.9"	14°33'40.6"
<i>Collomia grandiflora</i> Lindl.	Nižbor	Beroun	forest edge, 1.5 km SSW of the railway station Nižbor	49°59'23.5"	13°59'43.0"
<i>Consolida orientalis</i> (Gr. et Godr.) Schrödinger	Bořanovice	Praha-východ	field edge, 1 km SSW NE of the Líbeznice church	50°10'56.5"	14°29'18.6"
<i>Consolida orientalis</i> (Gr. et Godr.) Schrödinger	Trubín	Beroun	field edge, 1.1 km ESE of the Trubín village municipality	49°56'28.3"	14°01'00.1"
<i>Consolida orientalis</i> (Gr. et Godr.) Schrödinger	Lochkov	Praha	field edge, 0.5 km WNW of the Lochkov castle	50°00'11.8"	14°21'40.0"
<i>Consolida orientalis</i> (Gr. et Godr.) Schrödinger	Slivenec	Praha	field edge, 0.5 km WNW of the Slivenec church	50°01'12.7"	14°20'51.8"
<i>Conyza canadensis</i> (L.) Cronq.	Dubňany	Hodonín	forest clearing near former Důl Osvobození mine	48°54'47.1"	17°02'51.0"
<i>Conyza canadensis</i> (L.) Cronq.	Pečky	Kolín	railway station Pečky	50°05'28.9"	15°07'41.5"
<i>Conyza canadensis</i> (L.) Cronq.	Praha-Modřany	Praha	road edge, 0.5 km S of the railway station Praha-Modřany	49°59'53.7"	14°24'13.4"
<i>Conyza canadensis</i> (L.) Cronq.	Mutěnice	Hodonín	ruderal site, 0.4 km ESE of the railway station Mutěnice	48°54'16.8"	17°02'51.0"

<i>Corydalis lutea</i> (L.) DC.	Průhonice	Praha-západ	dwarf wall in the Park Průhonice	50°00'02.1"	14°33'24.6"
<i>Corydalis lutea</i> (L.) DC.	Masákova Lhota	Prachatice	walls of the houses in the village	49°05'11.6"	13°40'49.5"
