

# Optical fibers for communication, environment, medicine and biology

**Open Door Days**

**Department of Optical Fibers**

**3. and 4. November 2010 from 9 till 18 hour**

**5. November from 9 till 17 hour**

Institute of Photonics and Electronics, AS CR, v.v.i.

Rozvojevá 135, P6 - Suchdol

tel: +420-220 922 391

e-mail : [pospisilova@ufe.cz](mailto:pospisilova@ufe.cz); [www.ufe.cz](http://www.ufe.cz)

What can you see in our Department:

- Preform preparation by MCVD technology
- Optical fiber drawing - night draw at 4.11.2010 from 19,00 hours
- Measurement techniques
- Application of optical fibers

Connection: (M) **Dejvická**, bus 107, 147 stop station **Kamýcká** (12 min.)

Notes for visitors:

- The basic knowledge of optics is advantage for visitors
- Whereas institute area is limited the group of 20 visitors is possible to accept at one time only. It is recommended to arrange the visit time and terms for groups by e-mail or by telephone.
