

Ústav fyzikální chemie J. Heyrovského, Akademie věd České republiky,
Vás zve na

Symposium

ke osmdesátým narozeninám prof. Zdeňka Hermana, DrSc.

24. března 2014, 9:30 – 13:30

Brdičkova posluchárna, ÚFCH-JH AV ČR, Dolejškova 3, Praha 8

~~~~~

The J. Heyrovský Institute of Physical Chemistry, Academy of Sciences,  
extends to you the invitation to

## *Symposium*

*on the occasion of 80th birthday of Prof. Zdeněk Herman, DrSc.*

*24th March, 2014, 9:30 – 13:30*

Brdička Lecture Hall, ÚFCH-JH AV ČR, Dolejškova 3, Praha 8

### **PROGRAM**

**Chairman: Prof. J. Peter Toennies (M-P Institute for Dynamics and Selforganisation, Göttingen)**

9:30 - 10:00 Prof. J. Peter Toennies: *Opening and Laudatio.*

10:00 – 10:30 Prof. Michael J. Henchman (Brandeis University, Boston): *The scientist as artist, the artist as scientist.*

10:30 – 11:00 Prof. B. Friedrich (Fritz Haber Institute of the M-P Society, Berlin; CSc 1981): *Shedding non-resonant light on molecules.*

11:00 – 11:30 Dr. Michal Fárník (J. Heyrovský Institute, Prague; PhD 1995): *Imagine atmospheric photochemistry.*

11:30 – 12:00 Doc. Jana Roithová (Charles University, Prague; PhD 2003): *Infrared predissociation spectroscopy of reactive ions.*

12:00 – 13:30 Post-Symposium party – Refreshments
