Extra work assignment

Assignment date:	**18.12.2018**
Deadline:	**23.12.2018 23:59**
Note:	Send answers and `R` script to drabinova@cs.cas.cz
Name:	

In case of one extra absence, finish Ex. 1.1. In case of more than one extra absence, finish Ex. 1.1 and Ex 2.1.

1   Article about `ShinyItemAnalysis`

Ex. 1.1   Read article about `ShinyItemAnalysis` available at

> https://journal.r-project.org/archive/2018/RJ-2018-074/RJ-2018-074.pdf

and provide feedback. Run `ShinyItemAnalysis`, choose dataset - either `GMAT` or `HCI` or dataset provided in Supplemental material and create PDF report with similar analysis as in the paper. Include also your name and name of used dataset in the report.

2   Simulation study

Ex. 2.1   Finish exercises from lesson 10:

> http://www.cs.cas.cz/drabinova/documents/NMST570_L10_simulations.R
