

Institute of Molecular Genetics

You are cordially invited to the lectures given by

Beverly Paigen

The Jackson Laboratory, Bar Harbor, Maine, USA

**Mapping and Identifying Genes Controlling
Plasma HDL levels**

Thursday, November 6, 14:00

Lecture room – Ground floor

Institute of Molecular Genetics, AS CR

Vídeňská 1083, Praha 4-Krč

and

Kenneth Paigen

The Jackson Laboratory, Bar Harbor, Maine, USA

Mammalian Recombination Hotspots

Thursday, November 6, 14:40

Lecture room – Ground floor

Institute of Molecular Genetics, AS CR

Vídeňská 1083, Praha 4-Krč
