

Tony Holý Symposium: Chemistry Meets Biology

May 5, 2011

The National Technical Library Prague

Chair: Erik de Clercq

9:00 – 9:45 John Martin, PhD (Gilead Sciences, Foster City, USA)
Keynote

9:45 – 10:15 Johan Neyts, PhD (Rega Institute, Leuven, Belgium)
Progress on HCV antivirals

10:15 – 10:45 Michal Hocek, PhD (IOCB, Prague, Czech Republic)
Design of novel nucleosides with anticancer properties

Coffee break (10:45 - 11:45)
Press conference

11:45 – 12:15 Mark Waer, MD, PhD (KUL, Leuven, Belgium)
Immune system and small molecule modulators

12:15 – 12:45 Richard Whitley, MD (University of Alabama, Birmingham, USA)
Challenges in controlling respiratory viruses

Buffet - Lunch (12:45 – 13:45)

13:45 – 14:15 Christopher McGuigan, PhD (Cardiff University, UK)
Nucleoside and nucleotide prodrugs

14:15 – 14:45 Brian Gazzard, MD (Chelsea and Westminster Hospital, London, UK)
Current challenges and future of HIV therapy

14:45 – 15:15 James Rooney, MD (Gilead Sciences, Foster City, USA)
HIV chemoprophylaxis
