A FEW ADDITIONAL WORDS

Prague is a comparatively safe city and easy to walk around thanks to its extensive and well-organised public transport system. It is attracting, however, millions of visitors especially this time of the year so that places of interest might become quite crowded and such situation is often abused by pickpockets; therefore please take good care of your belongings.

Try to avoid taxis, but if you need to take one, settle the fare in advance or hire a reliable taxi company, like the AAA (phone: 14014 or 22233322, the operators speak English). You can also see in the centre taxicab stands marked "Taxi Fair Place" with taxis that guarantee fair rate and safe service.

The organizers will be happy to assist you with all your questions and problems
