

Ústav molekulární genetiky AV ČR, v.v.i.

v rámci partnerství s evropskými a celosvětovými konsorcií **INFRAFRONTIER** (<http://www.infrafrontier.eu/>) a **IMPC** (International Mouse Phenotyping Consortium, <http://www.mousephenotype.org/>)

Vás srdečně zve na přednášky

Dr. Mark Moore (IMPC, Executive Director):

The Knockout Mouse Project (KOMP) and the International Knockout Mouse Consortium (IKMC)

a

Prof. Steve Brown (Chair, IMPC Steering Committee):

International Mouse Phenotyping Consortium: Developing an encyclopedia of gene function

které se uskuteční dne 21. října 2011 od 13 hodin
v posluchárně Milana Haška
Ústav molekulární genetiky AV ČR, v.v.i.,
Václavská 1083, Praha 4 – Krč.

Radislav Sedlacek, ÚMG, CCP-projektový vedoucí

Institute of Molecular Genetics of the ASCR, v.v.i.

is pleased to invite you to attend very special lectures
in cooperation
with European and world-wide consortia of
INFRAFRONTIER (<http://www.infrafrontier.eu/>) and IMPC (International
Mouse Phenotyping Consortium, <http://www.mousephenotype.org/>):

Dr. Mark Moore (IMPC, Executive Director):

The Knockout Mouse Project (KOMP) and the International
Knockout Mouse Consortium (IKMC)

a**Prof. Steve Brown (Chair, IMPC Steering Committee):**

International Mouse Phenotyping Consortium: Developing an
encyclopedia of gene function

The lectures will be held:
October, 21, 2011, 1:00-2:00 PM
Milan Hašek auditorium, Institute of Molecular Genetics of the ASCR, v.v.i.,
Václavská 1083, Prague 4.
