

International Conference
to celebrate finishing of new buildings of the
Institute of Molecular Genetics, AS CR

Friday, 26th September 2008

The new lecture hall of IMG

9:00 **Welcome (V.Pačes, V.Hořejší)**

9:15 **W.Huttner** (Dresden):
The cell biology of neural stem and progenitor cells

10:00 **J.Jiricny** (Zurich):
The interactome of human mismatch repair proteins.

10:45 **A.Tarakhovsky** (New York):
Epigenetic control of immunity

11:30 **I.Mattaj** (Heidelberg):
Rebuilding the nuclear envelope after mitosis

12:15 Lunch Break

14:00 **J.Piatigorsky** (Bethesda):
Gene sharing and evolution: Lessons from crystallins

14:45 **K.Simons** (Dresden):
Lipid rafts in trafficking and disease

15:30 **H.Lehrach** (Berlin):
From functional genomics to systems biology

16:30 Concluding remarks
