

# Annual IMG Conference

Friday, December 14, 2012  
Milan Hašek Auditorium

Institute of Molecular Genetics of the ASCR, v. v. i.  
Václavská 1083, 142 20 Prague 4, Czech Republic

08:15-08:30	Václav Hořejší	Introduction
<b>MORNING SESSION I</b>		<b>Chair: Zbyněk Kozmik</b>
08:30-09:00	Jiří Forejt	The genetic basis of hybrid incompatibility between related species
09:00-09:30	Čestmír Vlček	Searching for evolutionary roots through exploring small eukaryotic genomes
09:30-10:00	Martin Balašík	Pin1-mediated conformational changes in axon guidance and Alzheimer's disease
10:00-10:30	Vladimír Kořínek	Wnt signaling in adult stem cells – an insight from the gut
10:30-11:00	Break	
<b>MORNING SESSION II</b>		<b>Chair: Pavel Hozák</b>
11:00-11:30	Stanislav Vinopal	Deciphering gamma-tubulin functions
11:30-12:00	Dominik Filipp	TLR2 and the unifying model of embryonic hematopoiesis
12:00-12:30	Petr Bartůněk	Small molecules as probes of nuclear receptor action
12:30-13:00	Michal Dvořák	Extracellular chromatin affects the fate of surrounding cells
13:00-14:00	Lunch	
<b>AFTERNOON SESSION</b>		<b>Chair: David Staněk</b>
14:00-14:30	Petr Svoboda	The real RNAi – a tale of naughty mice
14:30-15:00	Jiří Hejnar	Receptors for Retroviruses
15:00-15:30	Libor Macůrek	Role of Wip1 phosphatase in DNA damage response and cancer
15:30-16:00	Tomáš Brdička	Membrane adaptor proteins in the regulation of leukocyte signaling
16:00-17:00	General Discussion	
17:00-24:00	Hostinec Ve mlýně [ <a href="http://www.vemlyne.cz">www.vemlyne.cz</a> ] – music group Arena [ <a href="http://www.bandzone.cz/arena">www.bandzone.cz/arena</a> ], dance and food
