## PUBLIC PROCUREMENT IN THE CZECH REPUBLIC: WHAT CAN DATA TELL US ABOUT THE BEHAVIOR OF AUTHORITIES?

October 6, 2012

PAVLA NIKOLOVOVÁ, JÁN PALGUTA, FILIP PERTOLD AND MÁRIO VOZÁR

---

### **Abstract**

The Czech Republic spends approximately 17.5% of its GDP on public procurement, which makes it, in relation to GDP, the second largest public procurement market within the OECD countries. The study analyzes the behavior of authorities within the fields of public procurement and by means of quantitative methods unveils the basic behavioral patterns. We demonstrate the impact of the institutional framework on their behavior and highlight the consequences for the procurement costs and degree of competition.

Institute for Democracy & Economic Analysis (IDEA) is a think-tank arm of CERGE-EI focusing on policy-relevant research and recommendations. Backed by rigorous analysis and academic expertise of CERGE-EI scholars, IDEA contributes to policy debates with its non-ideological, evidence-based approach to public policy. IDEA is directed by Professor Jan Švejnar. IDEA is funded by private donors and public research grants.
