

*The Second Czech-Israeli Workshop on Functional  
Differential Equations*

June 26, 2011, Brno, Czech Republic

**PROGRAM**

- 10:00-10:45 **Alexander Domoshnitsky**  
Maximum principles and stability
- 10:50-11:35 **Manuel Zamora**  
Positive periodic solutions of singular ODEs: different approaches
- 11:40-12:00 **Coffee Break**
- 12:00-12:45 **Yakov Goltser**  
Integro-differential equations with distributed delay and advance
- 12:50-14:30 **Lunch**
- 14:30-15:15 **Abraham Maghakyan**  
Maximum principles for neutral equations
- 15:20-16:05 **Jaqueline Godoy**  
Periodic averaging theorems for various types of equations
- 16:10-16:30 **Coffee Break**
- 16:30-17:15 **Dan Gamliel**  
Spin exchange with a time delay
- 17:20-18:05 **Jiří Šremr**  
On oscillations of solutions to second-order linear delay differential equations
