The Fourth Czech-Israeli Workshop on Functional Differential Equations

August 22-23, 2013, Brno, Czech Republic

PROGRAM

Thursday August 22, 2013

11:00 – 12:00 **Alexander Domoshnitsky**
Asymptotic properties of second order delay differential equations: nonoscillation and stability

12:15 – 13:15 **Irina Volinsky**
About Green's functions for nonlocal boudary value problems with impulsive delay equations

13:45 – 14:45 **Sergey Labovskii, M. F. Getimane**
On discreteness of spectrum of a functional differential operator on semiaxis

15:00 – 16:00 **Robert Hakl**
Boundary value problems for functional differential equations

Friday August 23, 2013

12:00 – 13:00 **Alexander Lomtatidze**
Periodic problem for second-order ordinary differential equations

13:15 – 14:15 **Roman Shklyar**
TBA

14:45 – 15:45 **Jiří Šremr**
Oscillation criteria for second-order delay linear differential equations
