Postdoctoral position in the Department of Evolution Differential Equations

Appointment Period: **2 years**

Appointment type: **Full time regular employment contract**

Position starting date: **1st February, 2016**

Deadline for applications: **4th January, 2016**

A two years postdoctoral position is available in the Department of Evolution Differential Equations of the Institute of Mathematics of the Czech Academy of Sciences, see http://www.math.cas.cz.

Applications are invited from candidates who have completed their Ph.D. within the last 2 years, and who have strong background and experience in the mathematical theory of partial differential equations (Navier-Stokes problem, nonlinear elliptic and parabolic problems, local and global existence of solutions, asymptotic behaviour of the solutions). Publications as well as other activities and professional achievements will be judged by the stage of their career.

The following documents are required:

- **CV**
- **List of publications**
- **Motivation letter**
- **2 letters of reference**

Applications for the position must be submitted exclusively using the electronic submission system at https://application.math.cas.cz/Positions.html.

Only complete applications (including the letters of references) submitted by January 4, 2016, will be considered.

Informal enquiries should be directed to the Project Manager, Dr. Beata Kubis.

For further information please contact mathinst@math.cas.cz.
