

Postdoctoral position in the Department of Topology and Functional Analysis

Appointment Period: **1 year**

Appointment type: **Full time regular employment contract**

Position starting date: **1st January, 2016**

Deadline for applications: **15th December, 2015**

A one year postdoctoral position within the framework of the project

I 2374-N35: *Logic and Topology in Banach spaces*

is available in the Department of Topology and Functional Analysis, Institute of Mathematics of the Czech Academy of Sciences, see <http://www.math.cas.cz>.

Applications are invited from candidates who have completed their Ph.D. within the last 4 years, and who have strong background and experience in set theory and its applications in topology and functional analysis. Publications as well as other activities and professional achievements will be judged by the stage of their career.

The following documents are required:

- **CV**
- **List of publications**
- **Motivation letter**
- **2 letters of reference**

Applications for the position must be submitted exclusively using the electronic submission system at <https://application.math.cas.cz/Positions.html>.

Only complete applications (including the letters of references) submitted by **December 15, 2015**, will be considered.

Informal enquiries should be directed to the Project Manager, Dr. [Beata Kubis](#).
