Optics and Measurement  
International Conference 2016

**11 – 14 October 2016**

Liberec, Czech Republic

The aim of the conference is to link the industrial and academic communities specialized in the R&D of optical elements, systems and measurement methods, and to provide an opportunity for researchers, industry experts, postgraduates and university students to share their experience and knowledge related to the above mentioned fields of optics.

## Conference Topics

- > Optical design, simulation, experimental evaluation of optical system performance
- > Manufacturing glass, plastic, metal and ceramics optical elements
- > Non-classical way of manufacturing and polishing using MRF, IBF, Plasma, Laser etc.
- > Methods and systems for optics measurement
- > Measurement methods employing optical principle
- > Hyperspectral imaging
- > Thin film layer deposition and measurement
- > Fine mechanics for optics
- > Special optics, RTG, HOE, Diffractive, Light guide, Crystal optics
- > Computational imaging, coded aperture systems, etc.
- > Laser optics, optics for space and radiation hard optics

## Deadlines:

19 <sup>th</sup> August 2016	Registration of the participants and delivery of abstracts
2 <sup>nd</sup> September 2016	Announcement of acceptance of the paper for publication
20 <sup>th</sup> September 2016	Delivery of the complete text of the paper
20 <sup>th</sup> September 2016	Payment of the registration fee
11 <sup>th</sup> – 14 <sup>th</sup> October 2016	Date of the conference

## Registration fee:

**270 EUR / 6050 CZK + VAT - Payment till 20<sup>th</sup> September 2016**

**310 EUR / 6950 CZK + VAT - Payment after 20<sup>th</sup> September 2016**

The registration fee covers admission to colloquium sessions and proceedings + refreshment.
