BURGENLAND

Housing accessibility:

“Home emergency call system and mobile call system with location”

- Sender, that is worn on the wrist or around the neck
- Connected with a base station
- In case of an emergency, the person in the control center contacts immediately the denoted contact person or establishes directly emergency measures
- Also for people outside the own house

SAMARITERBUND
BURGENLAND

So funktioniert's

1. Auslösen des Alarms durch Betätigen des Alarmknopfes

2. Aufbau einer Sprechverbindung zur Leitstelle

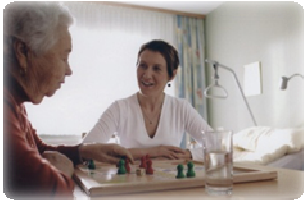

3. Erforderliche Hilfsmaßnahmen werden von unserem Team eingeleitet

Social and health care:

“Supervised living and the granting-concept through the municipality”

- ordered by the municipality
- building project organizer got an advancement by the current federal state (“Länder”)
- administration by the municipality (people may get information about free flats, the costs and other important things)
- ability for residents to buy some external services from the Samaritan

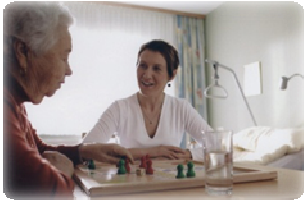

SAMARITERBUND
BURGENLAND

Housing affordability:

“24-hour-care and advancement”

- “Gut Umsorgt” (a corporation of the Samaritan) offers 24-hour-care
- support by finding the right caring person
- support at administrative handling and applying of advancements
- quality of care becomes continuously checked by our staffs
- Advancement for 24-hour-care since 2008

SAMARITERBUND
BURGENLAND

Caring person (since 2008):

- arrange activities delegated by a graduated nurse (support by eating, drinking, washing, standing up etc.)
- arrange medical activities delegated by a doctor or a graduated nurse (like application of medicine, attaching or changing of the bandages, blood letting for measuring of the blood glucose level etc.)

Advancement (since 2008):

- care-relationship in form of an employment status, an agreement or with an engagement of an autonomous caring-person
- theoretical education (similar to a home-help-service)
- demand on care allowances (at least degree 3) has to exist
- income-limit = 2 500 € monthly

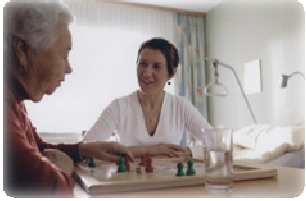

SAMARITERBUND
BURGENLAND

Community building:

“Day care in the nursing homes of the Samaritan”

- Total, activating care in due consideration of the individual situation and the biography of the people

- Advancement of the resources and best possible maintenance of their abilities

- Integration of the people in need of day care in the community and inclusion into the organization of the day

- Consultation, support and exoneration of the caring family members

- Consideration of the individual wishes and needs
