

Senior researcher position in numerical analysis

Appointment period: **up to 5 years**

Appointment type: **Full time regular employment contract**

Position starting date: **1st January, 2017**

Deadline for applications: **15th November, 2016**

A senior research position is available in the Department of Constructive Methods of Mathematical Analysis. The successful candidate will be based in the Institute of Mathematics of the Czech Academy of Sciences in Prague, performing high quality mathematical research in numerical analysis, supervise postdocs and PhD students and strive for project funding. He or she will be an experienced scientist, team leader with an international network of collaborators and with a strong publication record, preferably in the field of numerical linear algebra.

The following documents are required:

- **CV**
- **List of publications**
- **Motivation letter with research statement**

Applications for the position must be submitted exclusively using the electronic submission system at <https://application.math.cas.cz/Positions.html>.

Only complete applications (including the letters of references) submitted by November 15, 2016, will be considered.

Informal enquiries should be directed to the Project Manager, Dr. [Beata Kubis](#).
