

Researcher position in the Department of Evolution Differential Equations

Appointment Period: **2 years**

Appointment type: **Full time regular employment contract**

Position starting date: **3rd April, 2017**

Deadline for applications: **6th March, 2017**

A two years researcher position is available in the Department of Evolution Differential Equations of the Institute of Mathematics of the Czech Academy of Sciences, see <http://www.math.cas.cz>. This is a **tenure track position**; after two years the candidate will be evaluated and, in the positive case, offered a permanent position in accordance with the Career Rules of the Czech Academy of Sciences.

Applications are invited from candidates who have completed their Ph.D. within the last 6 years, and who have strong background and experience in the **theory of singular differential equations, Kurzweil's theory of integration, and its applications in modeling nonsmooth processes in physics, biology, and social sciences**. Publications as well as other activities and professional achievements will be judged by the stage of their career.

The following documents are required:

- **CV**
- **List of publications**
- **Motivation letter**
- **2 letters of reference**

Applications for the position must be submitted exclusively using the electronic submission system at <https://application.math.cas.cz/Positions.html>.

Only complete applications (including the letters of references) submitted by **March 6, 2017**, will be considered.

Informal enquiries should be directed to the Project Manager, Dr. [Beata Kubis](#).

For further information please contact mathinst@math.cas.cz.
