Institute of Mathematics CAS, v. v. i.

Žitná 25, 115 67 Praha 1
Czech Republic

Senior researcher position in differential equations

Appointment period: **up to 5 years, with possible further extension under evaluation**

Contract type: **Full time regular employment contract**

Appointment starting date: **1 July 2017, or by agreement**

Deadline for applications: **31 May 2017**

Gross salary: **CZK 45 000 plus per month, depending on experience**

A senior research position is available. The successful candidate will be based in the Institute of Mathematics of the Czech Academy of Sciences in Brno, performing high quality mathematical research, supervising postdocs and PhD students and striving for project funding. He or she will be an experienced scientist, team leader with an international network of collaborators and with a strong publication record, preferably in theory and applications of ordinary differential equations and related areas, bringing new ideas to the group and instigating it to an excellent research.

The following documents are required:

- **CV**
- **List of publications**
- **Motivation letter with research statement**

Application for the position must be submitted exclusively using the electronic submission system at https://application.math.cas.cz/Positions.html.

Informal enquiries should be directed to the Project Manager, Dr. Beata Kubis.

For further information please contact mathinst@math.cas.cz.
