

Institute of Plasma Physics, AS CR, v.v.i., Za Slovankou 1, Prague 8, seeks candidates for Junior researcher positions in the Department of Materials Engineering. Our research focuses in interaction of plasma with materials, in particular plasma spraying and spark plasma sintering. Further details on our research may be checked at www.ipp.cas.cz/Mi/

Requirements:

- PhD degree (or equivalent) in one of the following specialization: physics of materials, materials engineering, chemistry of glass or ceramics or related fields;
- experience with thermal spraying, plasma-facing materials, powder metallurgy, ceramics or related analytical methods is welcomed, but not mandatory;
- prior experience in research lab is welcomed, but not mandatory;
- prior experience in leading a research project is welcomed, but not mandatory;
- excellent written/spoken English with capability of writing scientific papers;

We offer:

- Exciting work in well-equipped laboratories
- Competitive salary and benefits package (5 weeks of vacations, meal vouchers, flexible working hours, sick days, etc.)
- Wide international collaboration and travel
- Young and dynamic team
- position available from July 1, 2015

Send a written cover letter with structured CV and a list of publications (if applicable) together with due contacts via E-mail to: personal@ipp.cas.cz.

Letters of recommendation are welcomed.

Deadline: June 26, 2015.
