# Why do we need to know the context?

- ➔ Recommendations expected
- ➔ Information needed:
  - » Existing innovative practices
  - » Context of their implementation
  - » Opportunities and barriers
- ➔ Description of contextual factors will enable us to indicate conditions that have to be met when introducing specific kinds of practices.
- ➔ => For comparison and recommendations it is necessary to know national contexts.

## What contextual factors play role I.

- ➔ Macroeconomic and demographic indicators
  - » Provided by PP3
- ➔ Pension system
  - » FQ: **Section A** – Part 1
- ➔ Housing system and housing policies
  - » FQ: **Section B** = Preliminary report
- ➔ Welfare model and social care and services system
  - » FQ: **Section C**
- ➔ Legal framework
  - » FQ: Contained **in all the parts** of the questionnaire

- ➔ Housing attitudes of elderly – housing and care preferences
  - » Literature review, data accessibility overview
  
- ➔ Elderly's living conditions
  - » Financial situation and housing affordability
    - SHARE and SILC data
  - » How elderly live
    - FQ: **Section A** – Part 2

## ➔ Pension system

- » Pension system's type and sustainability
- » Retirement age and incomes of pensioners

## ➔ How do elderly live?

- » Structure of households, who elderly live with
- » Type of housing and its tenure structure
- » Living standards
- » Share of elderly in big towns / cities
