

**Regular Wednesday IMG seminar**

**Claus Sørensen, Ph.D.**

**University of Copenhagen, Denmark**

**Focus on the laboratory: The mechanisms responsible  
for maintenance of genomic stability in mammalian  
cells**

**“Novel DNA nuclease function governs  
cell fate decisions on response to  
ionizing radiation”**

**The seminar will be held**

**on 25th October 2017 at 15:00**

**in the Seminar room on the ground floor  
(IMG ASCR, Vídeňská 1083, Prague 4)**
