Institute of Mathematics CAS, v. v. i.

Žitná 25, 115 67 Praha 1
Czech Republic

Student position in the Department of Mathematical Logic and Computer Science (MLTCS)

Appointment Period: **12 months** (with a possibility of extension for the next year, till the end of 2021)
Appointment type: **student** (75% FTE)
Position starting date: **1 January 2020**
Deadline for applications: **15 October 2019**

A 12 month student position (capacity 75% of full-time employment) within the framework of the project

19-05497S: *Complexity of mathematical proofs and structures*

is available in the Department of Mathematical Logic and Theoretical Computer Science, Institute of Mathematics of the Czech Academy of Sciences, see ***http://www.math.cas.cz***.

Applications are invited from candidates who are master students or Ph.D. students in Mathematics / Computer Science, and who have background and research interest in logic, computational or proof complexity, as well as attitude to solve problems in these areas.

The Institute of Mathematics does not have a Ph.D. programme on its own. Applicants may enroll in the Ph.D. programme at the Charles University in Prague, or they may study for a Ph.D. anywhere in the world and take the position at the Institute of Mathematics as a temporary visiting fellowship (the appointment period may be shortened if necessary).

The following documents are required:

- **CV**
- **Motivation letter**
- **1 letter of reference**

Applications for the position must be submitted exclusively using the electronic submission system at https://application.math.cas.cz/Positions.html.

Only complete applications (including the letter of reference) submitted by October 15, 2019, will be considered.

Informal inquiries should be directed to the Scientific Manager, Dr. Beata Kubis.

For further information please contact mathinst@math.cas.cz.
