

Call for Mobility Project Proposals

Identification information

Partner country:	Germany
Partner organisation:	Deutscher Akademischer Austauschdienst (DAAD)
Programme:	Mobility Projects
Period:	2018–2019

Legal framework

The call is based on the Agreement of the year 2003 between the Czech Academy of Sciences (hereinafter referred to as CAS) and Deutscher Akademischer Austauschdienst (hereinafter referred to as DAAD), and in accordance with art. 2 par. 2 of the Act No. 283/1992 Coll., on the Czech Academy of Sciences, as amended, and art. 3 par. 2 of the Statutes of the Czech Academy of Sciences.

Basic definitions

Objectives

- Improvement of scientific cooperation between both countries;
- Stimulation of involvement of young researchers and PhD students;
- Supporting research teams aspiring to cooperate on large international projects in the future;
- Enabling the use of methodology, infrastructure and equipment for the mutual benefit of both institutions.

Eligibility criteria

Project proposals from **all research fields** are accepted.

Maximum project duration is **2 years, i.e. 24 months**; extension beyond this period is not permitted.

Project proposals can be submitted:

- **On the Czech side** by a CAS Institute;
- **On the German side** by a non-university research organisation or a university.

In case applicant submits more than one project proposal within one call, only one of them can be funded.

Second project proposal might be submitted only after the end of the first project's implementation.

Only two projects realized by the same research teams can be funded.

Research team

Each research team consists of:

- One principal investigator (senior or junior researcher);
- One or more co-investigators.

On the Czech side:

The research team members are divided into four categories:

- Senior researchers (5 or more years after receiving PhD);
- Junior researchers – postdocs (less than 5 years after receiving PhD);
- PhD Students;
- Others (engineers, technicians and pregraduate students).

All research team members must be employees of the CAS Institutes.

Out of the whole team, at least 1/3 must be junior researchers or PhD students.

On the German side (for information only):

The research team members are divided into two categories:

- Category 1: researchers, university teachers, postdocs;
- Category 2: PhD students, graduates (BA/MA).

Range of exchanges

Number and length of visits and shares of individual research team members in exchanges must reflect the scope and objectives of the project and planned activities.

Days not used during one calendar year cannot be transferred to subsequent years of the project.

Maximum exchange quota per research team and calendar year is **not assigned**.

Maximum length of one visit is **up to 30 days for category 1** and **up to 50 days for category 2**.

Financial provisions

Funding is provided in the form of **financial contributions toward the costs of mobility** (exchanges of Czech and German research team members) in direct connection with the implementation of the project.

Financial contributions must be calculated and provided in compliance with the valid national legislation and internal regulations of the partner organisations.

Financial contributions can be provided only in the year of the exchange realisation, i.e. unclaimed requirements for financial contributions cannot be claimed in subsequent years.

Maximum financial contribution is **CZK 100,000 per Czech research team per calendar year (EUR 7,500 per German research team per calendar year)**. Provision of financial contributions by the partner organisations is subject to availability of funds.

Financial contributions to Czech research team members

- **For international transportation: the CAS Institute** provides a contribution of **up to CZK 6,000 per person per round trip** to cover the international transport expenses from the Czech Republic to Germany and back and covers the travel insurance.
- **For subsistence in Germany: the DAAD** provides following contributions:
Category 1: EUR 89 per person per day (1st – 22nd day); or
EUR 2,000 per person per month (23rd – 30th day).
Category 2: EUR 44 per person per day (1st – 20th day, 31st – 50th day); or
EUR 1,000 per person per month (21st -30th day).

Financial contributions to German research team members

- **For international transportation: the DAAD** provides a contribution **EUR 250 per person from category 1 per round trip**, or **EUR 200 per person from category 2 per round trip** to cover the international transport expenses from Germany to the Czech Republic and back.
- **For subsistence in the Czech Republic: the CAS Head Office** provides following contributions:
Accommodation expenses up to CZK 1,600 per person per night;
Meal allowance and pocket money in accordance with applicable legislation (Part VII. Act No. 262/2006 Coll., the Labour Code, as amended) and in accordance with the internal rules – **in 2017, up to CZK 554 per person per day;**
Domestic transport expenses by Czech long-distance public transport (bus, train; economy class) **in actual amount spent**, original ticket receipts required; the daily transfers between accommodation facility and the workplace are not reimbursable.

The above stated amounts are valid on the date of the call for proposals and are meant for the purposes of calculation of the project budget. In the event of significant changes in price levels or a change in legislation in the field of travel expenses, partner organizations reserve the right to make appropriate modifications to the above stated amounts and/or the method of calculation.

Project proposal submission

Project proposals must be submitted in parallel to **both partner organisations**.

On the Czech side:

- The form of project proposal is available for download on the CAS website in the International cooperation section: <http://int.avcr.cz/>.
- The project proposal must be submitted to the CAS Head Office by the CAS Institute within the above stated deadline (the date of posting is decisive), namely:
 - By mail in one copy (printed single sided in the A4 format, signed, stamped and unbound), envelope labelled „DAAD – Mobility Projects 2018-2019“, addressed to the contact person (see below); and simultaneously
 - Electronically (one file copy - a completed Word form for administrative purposes) to the e-mail address of the contact person (see below).
- Proposals submitted in other than the above described way may be rejected on formal grounds.

By submitting project proposal, the applicant:

- Agrees to processing of personal data within the meaning of the Act No. 101/2000 Coll., On Personal Data Protection, as amended;
- Declares that the information he/she stated is accurate, true and complete and that he/she is aware that if otherwise they will face all the legal consequences;
- Declares that, if approved, he/she will during the realization of the project follow:
 - [The Code of Ethics of researchers at the Czech Academy of Sciences](#);
 - [The European Charter and Code for researchers](#);
 - [Recommendations of the International Commission "Self-Control in Science" \(Recommendations of the International Commission on Professional Self-Regulation in Science\)](#)

On the German side (for information only):

The project proposal must be submitted to the DAAD. Conditions for submission and relevant forms are available on its website:

<https://www.daad.de/hochschulen/ausschreibungen/projekte/de/11342-foerderprogramme-finden/?s=1&projektid=57299800>.

Evaluation and Selection

Consists of a two-step process:

- At the national level, each partner organisation evaluates submitted proposals based on its internal rules and prepares a ranking list.
- At the international level, both partner organisations exchange their ranking lists, merge them, negotiate the final ranking and approve the proposals selected for funding. Total number of projects approved for funding is dependent on the financial possibilities of both partner organizations.

Criteria for evaluation of project proposals on the Czech side:

- **Quality of the project:**
 - Scientific relevance (concept, innovative character in relation to the state-of-the art, quality of objectives);
 - Methodology, work plan of activities and outputs;
 - Impact of project results, their dissemination and exploitation.
- **Quality of research teams:**
 - Composition and expertise of research teams;
 - Complementarity, methodology and equipment; previous cooperation and outputs;
 - Justification of collaboration needs.
- **Active involvement of junior researchers and PhD students.**
- **Added value and broader impact of bilateral cooperation.**

Schedule
