

# Early Iron Age in Central Europe

## Wrocław, 4-6th July, 2019

Call for papers

Dear Colleagues,

after the successful meetings in Hradec Králové (2015) and Nürnberg (2017) we would like to invite you to Wrocław. We invite scholars to present results of their studies on Early Iron Age of Central Europe, with the particular focus on the Hallstatt and La Tène cultural zones.

The meeting is two days of presentations and poster session (Thu-Fri) and one day trip (Sat). The conference official language is English - please know all the sessions will be chaired in English too to involve as many participants as possible. Both the Power Point (or similar) presentations and posters should be prepared in English.

The call for papers is now open and ends on 31<sup>st</sup> May 2019. The contribution proposals including your name, institution, presentation/poster title and one page abstract should be emailed to: [justyna.baron@uwr.edu.pl](mailto:justyna.baron@uwr.edu.pl)

The conference fee is 100 pln and 50 pln for students and should be paid upon arrival.

For the updates including detailed information on the venue, programme and excursion check this link:
