

ALTERATION OF THE TENDER DOCUMENTATION

Contracting Authority	Fyzikální ústav AV ČR, v. v. i.
Seat	Na Slovance 1999/2, 182 21 Praha 8, Czech Republic
Identification No.	68378271
Public Contract name	Microwave plasma CVD deposition system
Registration Number	Z2019-042803
Project name and No.	Solid state physics for the 21st century, Reg. No. CZ.02.1.01/0.0/0.0/16_019/0000760
Type of public contract	above-threshold public contract for supplies
Type of procurement procedure	open procedure pursuant to Section 56 of the Act No. 134/2016 Coll., on Public Procurement, as amended (hereinafter the "Act")

The Contracting Authority responds to the questions of a supplier delivered on 17 December 2019 by e-mail.

Question 1

The deadline for submitting a bid on 2.1.2020 is too short for our foreign manufacturer (holidays and onslaught before the end of the year with its subcontractors).

Answer

The Contracting Authority extends the deadline for submission of bids in accordance with Section 99 of the Act.

The Contracting Authority therefore modifies the terms of reference, namely the first sentence of Clause 2.2 of the Tender Documentation which is now valid as follows:

2.2 Bids shall be submitted no later than on **January 20, 2020 by 11:00 am.**

This extension of the deadline for the submission of bids also corresponds to the changes below.

EUROPEAN UNION
European Structural and Investment Funds
Operational Programme Research,
Development and Education

Question 2

The biggest obstacle is the requirement to submit 5 references (deliveries of this special equipment) from the last 3 years. The large number of references required limits the participation of potential suppliers. We believe that 1-2 references could be sufficient for the Contracting Authority to verify the supplier's competence. In addition, the Contracting Authority already has 1 device from our manufacturer delivered earlier.

Answer

The Contracting Authority modifies the terms of reference in accordance with Section 99 of the Act, namely the second sentence of Clause 3.4.1 of the Tender Documentation which is now valid as follows:

3.4.1 Fulfilment of the technical qualification will be demonstrated by a bidder, who submits a list with at least 3 significant supplies provided over the past three years before the commencement of the procurement procedure, including price and date of provision and the identification of client.

Question 3

The low estimated value of the public contract against a large number of requirements (technical parameters, quality) is also a limitation.

Answer

The estimated value corresponds to the approved text of the "Solid 21" project.
