

WORKSHOP

April 27 - 29

Quantitative label-free imaging cytometry

- Theoretical lecture
- Hands-on sessions with application specialist
- Individual experiment settings improvement

Registration: <https://event.img.cas.cz/registration/telight2020/>

Q-PHASE USERS MEETING

telight

When:	April 27, 2020	12:30 - Registration
		13:00 - 14:00 - Theoretical lecture
		15:00 - 17:30 - Demonstration of the system
	April 28, 2020	9:30 - 17:30 - HANDS-ON
	April 29, 2020	9:30 - 13:00 - HANDS-ON

Where: Light microscopy core facility - Institute of molecular genetics of the CAS
Videnska 1083, 14220 - Prague 4, CZ

Why: The system users meeting is a unique opportunity to discuss specificities of the system settings with application specialist and with other users. Hands-on slots will be led by the TELIGHT application specialist and will serve for check & improvement of system settings for individual users' experiments. That altogether is highly useful for all users to maximize an effectivity of acquisition and to get the best possible results from the system.

All users of Q-Phase and potential users of QPI (quantitative phase imaging microscopy) are cordially invited!

Learn more about Q-Phase at www.telightCo.com

The workshop is organized in the framework of the Czech-BioImaging research infrastructure supported by MEYS (LM2015062)
