Researcher position in the project

Graph limits and inhomogeneous random graphs

Appointment period: **until December 31, 2020, with a possible extension until June 30, 2021 (pending approval from the Czech Science Foundation)**

Appointment type: **Full time employment contract**

Starting date: **flexible, applicants willing to start early are particularly encouraged to apply**

Salary: **CZK 40000 per month**

Deadline for applications: **24.7.2020**

The Institute of Mathematics of the Czech Academy of Sciences is seeking a researcher for project "Graph limits and inhomogeneous random graphs" supported by the Czech Science Foundation. Applications are invited from candidates who should not be more than 38 years of age, and have strong background in at least one of the following areas: extremal graph theory, random graphs, graph limits, real analysis. Publications as well as other activities and professional achievements will be judged by the stage of their career. Postdoctoral fellows and PhD students close to their thesis submission are welcome to apply.

For more detailed information about the project please contact the project Principal Investigator

Jan Hladky hladky@math.cas.cz

The following documents are required:

- **CV**

- **List of publications**

- **Short motivation letter**

- **2 letters of reference**

Application for the position must be submitted exclusively using the electronic submission system at

https://application.math.cas.cz/Positions.html.

Only complete applications (including the letters of references) received before 24.7.2020 will be considered.
