

Deposition and Oxidation of Metals

21.-25.5.1973

Liblice

Programme:

1. Mechanism of fast discharge of metal ions

R.de Levie (Washington), chairman L.Gierst (Brussels)

2. Intermediates in metal ion discharge

V.V.Losev (Moscow), chairman J.Kůta (Prague)

3. Analysis of transients in metal deposition

M.Fleischmann (Newcastle), chairman A.Despić (Belgrade)

4. Electrocrystallization of metals

E.Budevski (Sofia), chairman R.Landsberg (Berlin)

5. Mechanism of metal oxidation

K.E.Heusler (Clausthal-Zellerfeld), chairman L.I.Antropov (Kiev)
