

SUMMER COURSE FOR MEDICAL STUDENTS

SEPTEMBER 5-8, 2022

FOUR-DAY SUMMER COURSE ON ADVANCES IN SELECTED AREAS OF BIOMEDICINE FOR STUDENTS OF MEDICAL FACULTIES

The course will focus on acquiring new knowledge and practical experience with biomedical research.

The aim is to increase the qualification of graduates of medical faculties of the Charles University in Prague in the field of biomedical research and to increase their interest in postgraduate education.

The course will take place in two Prague institutes of the Czech Academy of Sciences (Institute of Physiology and Institute of Molecular Genetics) and will have both theoretical (lectures) and practical part (demonstrations).

The course is primarily, but not exclusively, intended for **the first and second year students**, it will be in English and its capacity is limited to 25 participants.

Applicants will be selected on a first come, first-serve basis. The course is free of charge. Students will be provided boarding and possibly accommodation.

Preliminary program and Application form:
