Director's Directive no. 1/2022

In accordance with the Rector's Directive no. 28/2021 - Framework Principles for Career Growth of Academics, Researchers, and Lecturers at Charles University, CERGE director issues this Career Growth Code for Academics, Researchers and Lecturers at CERGE (hereinafter referred to as the "Career Growth Code").

Article 1
General Provisions

1. The Career Growth Code sets out the rules for the career development and promotion of CERGE academic and researcher workers and lecturers (hereinafter referred to as "workers").
2. Workers' activities and performance are regularly evaluated. Their career progression depends on the outcome of the evaluation.
3. There shall be no discrimination in the evaluation of workers in any form, for example, on the basis of race, ethnic origin, nationality, ideology, religion, belief, worldview, age, gender, sexual orientation, physical disability, social origin or financial circumstances.
4. The aim of the worker is to continuously grow in qualifications and develop skills and abilities, for which the workplace provides corresponding conditions.

Article 2
Career Growth Plan

1. No later than 14 days prior to the expiry of the probationary period, the super-ordinate (supervisor) of the worker is obliged to inform the worker of the criteria and areas of evaluation according to Article 3 of this directive, as well as to set up her Career Growth Plan with her.
2. The purpose of a Career Growth Plan is to help workers better plan their careers in relation to their position and career goals.
3. The Career Growth Plan is drawn up by the worker in cooperation with her supervisor and contains objectives that help her to plan her career and motivate her to continuous professional growth (see Annex 1 to this directive).
4. The Career Growth Plan is evaluated and updated in the course of employment, usually following the worker's evaluation. The fulfilment of the objectives of the Career Growth Plan is the subject of the subsequent evaluation. Therefore, the areas of the Career Growth Plan should correspond to the areas of the worker's evaluation.
5. A Career Growth Plan shall not be provided for fixed-term workers who are not expected to remain in the workplace beyond the end of their current contract.

For associate professors (docents) and professors with indefinite contracts, the evaluation is normally carried out once every five years, and for all other workers with indefinite contracts once every three years.
3. Appointment as an associate professor (docent) or professor can replace the evaluation process that the worker would have had to go through during the same period.
4. The evaluation may be carried out outside the regular schedule at the request of the worker or her supervisor.
5. The assessment takes into account the amount of time worked as well as any long-term incapacity for work, maternity or parental leave, care for a family member, stays abroad, sabbatical and other circumstances worthy of special consideration that occurred during the evaluated period.
