

# NEURORECON MINISYMPOSIUM 2022

Institute  
of Experimental  
Medicine, CAS

Institute of Experimental Medicine CAS / Turquoise Auditorium

## Wednesday 21<sup>st</sup> September

10:00 **Daniela Carulli**

- *Boosting plasticity by manipulating the perineuronal net component Semaphorin3A*

10:30 **Jiří Růžička**

- *Matrix mechanisms in memory*

11:00 **Coffee**

11:30 **Jessica Kwok**

- *Novel Compounds for neuroplasticity*

12:00 **Lunch**

13:00 **Florence Bareyre**

- *to be announced*

13:30 **Kateřina Štěpánková**

- *Reconstruction of the spinal sensory pathway using integrins*

14:00 **Britta Eickholt**

- *to be announced*

14:30 **Kai Murk / Marta Ornaghi**

- *Drebrin in CNS injury*

15:15 **Tea**

15:45 **Andras Lakatos**

- *Human neural organoid models: deciphering degeneration and regeneration at single cell resolution*

18:00 **Dinner**

- *Kavárna Slávia, [www.cafeslavica.cz](http://www.cafeslavica.cz)*

20:15 **Festival Golden Prague**

- *Opening Concert, Nova Scena /exploring Prague*

## Thursday 22<sup>nd</sup> September

10:00 **Raquel Oliveira / Smaranda R. Badea**

- *Restoration of bladder function*

10:45 **Kristýna Kárová**

- *Corticospinal regeneration and PI3 Kinase*

11:15 **Coffee**

11:45 **Jarred Griffin**

- *to be announced*

12:15 **Lunch**
