

AMISPEC WORKSHOP

5th workshop of all project partners - AMISPEC
(Advanced Microscopy and Spectroscopy Platform for Research and Development in Nano and Microtechnologies)

- **When:** 22. 3. 2017, 9.00 – 11.45
- **Where:** ISI Congress Centre
Brno, Královopolská 147 (map attached)

Workshop programme:

- 09.00 – 09.40 Stefania Pizzini (CNRS & UJF, Institut Néel, France):
Chiral domain walls and skyrmion dynamics in magnetic nanostructure
- 09.45 – 10.25 Tomáš Hrnčíř (TESCAN Brno, s.r.o.):
Focused Ion Beam - A must for Semiconductor Failure Analysis
- 10.30 – 10.45 Coffee break
- 10.50 – 11.45 Miloslav Dušek (Department of Optics, Faculty of Science Palacký University, Olomouc):
Quantum technologies and Information Transfer and Processing
