

For the research infrastructure of the Czech Centre for Phenogenomics (CCP) hosted by the Institute of Molecular Genetics of the Czech Academy of Sciences, we announce an open position of

Technician in the Histopathology Unit

Job description

- Performing of gross morphology necropsies
- Preparation and processing of paraffin and cryo histology samples
- Preparation of chemicals and staining solutions
- Basic, special histological and immunohistochemical (both BF and IF) staining of tissues and cells
- Data processing
- Routine maintenance of laboratory equipment
- Collaboration in the preparation and implementation of experiments in histopathology field
- Working in GLP conditions
- Other work activities as instructed by direct supervisors

Requirements

- Relevant education in life-sciences or in medical/laboratory related field (at least high school leaving diploma)
- Medical eligibility for work with laboratory animals and animal samples (rodents)
- Interest in learning and understanding of new lab methods and techniques
- Capable to communicate with English speaking colleagues

An experience with work in the histopathology laboratory, with rodent handling, study/work experience abroad and a valid certificate for working with laboratory animals are an asset. However, the position is also suitable for graduates.

We offer

- You will become part of an international team dedicated to the highest standards of pre-clinical and basic biological research that is involved in global scale research projects
- Training and professional development in the field of histology and histopathology
- Stable work position with a competitive salary and wide spectrum of benefits provided by the Institute of Molecular Genetics of the Czech Academy of Sciences

The workplace is the CCP building in BIOCEV campus in Vestec. The initial contract is for 12 month with expected extension upon demonstrated proficiency. The starting date is negotiable.

Please send your application and CV by e-mail to Mrs. Jana Safrankova (jana.safrankova@img.cas.cz).

If you have any further questions related to the position, please send them to the above e-mail address or call (+420) 325 873 246.
