

WORKSHOP: HOW TO PUBLISH RESEARCH IN A SCIENTIFIC JOURNAL

BY CARL SMITH

**8TH OF FEBRUARY 2023
KVĚTNÁ 170/8 BRNO
13:00 - 16:00**

Publication of research in peer-reviewed journals is essential for a scientific career. However, preparing work for scientific publication and the publication process can be daunting, particularly when conducted in a foreign language....

This workshop aims to offer advice on scientific publishing from the perspective of an editor, editorial manager and reviewer. The workshop will highlight common pitfalls in preparing manuscripts for publication, including tips on presenting results, selecting a suitable title, and structuring an abstract, among other vital elements to help increase the likelihood of your manuscripts being accepted for publication. Workshop will be held in English.
