

Postdoctoral position in the Institute of Mathematics of the Czech Academy of Sciences

Appointment period: **2 years**
Appointment type: **Full time**
Position starting date: **January 1, 2024**
Deadline for applications: **August 20, 2023**
Gross salary: **CZK 48 000 per month (before tax)**

We invite applications of young researchers from all fields of mathematics to join one of the research teams of the Institute in Prague or Brno. Applicants must either have completed their PhD after October 1, 2021¹, or if they have not obtained their PhD yet, produce evidence that they will defend their thesis before October 1, 2023.

The successful applicant will perform mathematical research within one of the departments of the Institute. He or she will also take part in other activities such as organization and active participation at seminars, workshops, and conferences. No teaching is involved. We require verbal and written English communication skills and abilities to work both independently and collaboratively. The selection committee will judge publications, as well as other activities and professional achievements of applicants, with respect to the stage of their career.

We offer affordable accommodation in the building of the Institute for the first 3-6 months. Questions and informal inquiries should be directed to the Scientific Manager of the Institute, Dr Beata Kubiš to her email address kubisb@math.cas.cz.

The following documents are required:

- **CV**
- **List of publications**
- **Motivation letter (may include a short research statement)**
- **Two letters of reference**

Applications for the position must be submitted exclusively using the electronic submission system at <https://application.math.cas.cz/Positions.html>

Equal opportunities are an integral part of the Institute's personnel policy. The Institute fosters the compatibility of work and family and encourages applications from qualified female researchers. Disabled applicants will be given preference in case of equal qualifications.

Only complete applications (including the letters of references) received by August 20, 2023, will be considered. Online interviews with shortlisted applicants will be scheduled for the week from August 28 to September 1, 2023. The successful candidate is expected to prepare a research project proposal during September, 2023 in collaboration with the Scientific Manager Dr Beata Kubiš and the head of the department.

Tomáš Vejchodský
Director

¹ Exceptions due to maternity/paternity leave, military service, long-term illness, care for a dependent person, and long-term international study stay are possible.
